Fair, automatic, kind rostering for churches and volunteer organisations.

What is Rostas?

Rostas is your organisation's volunteer roster assistant. It handles the time-consuming, people-sensitive work of building rosters, collecting availability, and finding replacements when someone can't make it — automatically, fairly, and kindly.

Once set up, Rostas runs most of the roster cycle on its own. Your job shifts from juggling spreadsheets and chasing people by text to simply reviewing what Rostas has prepared and pressing go.

How do I…?
